No boat having a structure in the form of a cabin or cuddy is allowed, nor are boats over 18ft long / Jet Drive boats / ribs / or wakeboard boards (rear engine). Boats exceeding 18ft must be a recognised competition ski boat.

If you require a Jetty, a non refundable fee of £100 is charged, this gives you a jetty position which may or not have a usable jetty already in existence. Maintenance of a jetty is at the owners responsibility, yearly safety checks are performed by the club committee

On Insurance renewal a copy must be shown to the scrutineer who passed your boat and another copy must be sent to the membership Secretary.

- (3) Obtaining of the BWSW Ski Boat Drivers Award or BLWSC Ski Award. It is up to the individual to obtain this certificate. Persons to contact will be notified on the acceptance letter. **NO BOAT WILL BE ALLOWED ON THE WATER WITHOUT THE DRIVER HAVING A CERTIFICATE.**
- (4) **Drivers who are not members of BLWSC must provide a valid copy of their SBDA on request at any time by the committee or any persons appointed by the committee.**
- (5) Boats must be scrutineered annually before launching their boat and display a valid pass sticker at all times. Scrutineering dates will be published on the Boughton Lodge Website. Scrutineering validation is not for 1 year from when you have it scrutineered, it is valid until the last day of the year, this being 31st December of which year it was last scrutineered.

I enclose the boat fee of £520.00 for seven day usage. This fee is payable in addition to the Membership fee and boat permits are only issued to club members. This fee includes a £100.00 boat joining fee (payable in first year only).
