INTENTIONALLY BLANK

1 INTRODUCTION

This document defines the policies and guidelines that will be followed by Boughton Lodge Watersports Club Ltd in the operation of all activities at the club facilities at Paxton Pits, Little Paxton, St Neots, Cambridgeshire.

2 APPLICABLE DOCUMENTS

The following list of documents contains documents made applicable for establishing this policy.

- AD.1 British Waterski Federation Club Health and Safety Guidelines 2003
- AD.2 British Waterski Federation Safety Recommendations and Codes of Practice 2003
- AD.3 Boughton Lodge Watersports Club Ltd Constitution and Rules January 2011
- AD.4 British Waterski Federation Child Protection Policy and Procedures 2006

Table 1 – Applicable Documents

3 HEALTH AND SAFETY POLICY

In addition to the requirements defined in this Policy, Boughton Lodge Watersports Club (BLWSC) shall abide by the codes of practice (AD.2) and Club Health and Safety guidelines (AD.1) that are generated and updated by the British Waterski Federation (BWSF)

The Health and Safety Executive have no **specific** rules for voluntary sports clubs to follow. Their involvement comes only when a club has employees in which case they fall under the remit of the Health and Safety etc. Act 1974.

BLWSC committee shall carry out regular Risk assessments of their site and activities as part of their duty of care to their members and visitors.

Any recommendations arising from the Risk assessments as a method to minimise the identified Risk shall be discussed and if appropriate a rule created and added to the next issue of the club Rule book, AD3.

4 CLUB REQUIREMENTS

4.1 Club Welfare Officer

BLWSC shall nominate a club individual as the Club Welfare Officer who will ensure that the procedures and legislation identified in the BWSF child protection policy (AD.4) are followed and adhered to.

4.2 Club Skiing Events

BLWSC will ensure that during a club organised activity that the necessary first aid provision are available

BLWSC will ensure that all non club coaches booked for a club organised activity have the necessary Public Liability Insurance.

4.3 Safety Officer

BLWSC will operate a duty safety officer during weekends in the Months of May – October who will be responsible for ensuring club rules are followed and be the initial point of contact on behalf of the committee in the event of an incident.

4.4 Yearly Inspection Records

Yearly Inspections will be performed by BLWSC or an approved contractor and records kept for the following:

- Water Ski Jump
- All Jetties (Club provided and Individuals)
- Site Electrics
- Club LPG Storage
- Club Gas Boilers
- Fire Extinguishers and Site Fire assessment

4.5 First Aid Kit

All Club members are recommended to have their own first aid provisions on site. The club only provide an emergency first aid kit and a Defibrillator located in the club house.

If either the first aid kit or the Defibrillator is used for emergency treatment the club committee should be informed immediately to ensure that they can be restocked and checked immediately.

4.6 Lake Familiarisation

All new club members or newly qualified drivers will be provided with a Main lake and Slalom lake familiarisation by a Safety Committee Representative prior to being allowed to drive a boat on any of the 3 lakes (Main, Beginners or Slalom).

This is aimed at providing the member with specific rules and guidance for Boughton lodge facilities that are not covered through the SBDA qualification.

5 REPORTING OF INCIDENTS

5.1 Reasons

- BLWSC are governed under HSE regulations and must therefore report any injury or dangerous occurrence that occurs at the club and requires a hospital visit.
- Under the terms of the Civil Liability insurance BLWSC are bound to report to our insurance company immediately an accident occurs that may give rise to a claim against the club

5.2 Legislation

BLWSC will report to either the insurance company and or the HSE, any incident that involves :-

- A fatal accident
- An injury involving either referral to or actual hospital treatment
- Any allegations of libel/slander
- Any allegations of professional negligence i.e arising out of tuition, coaching or advice given
- Any investigation under the child protection policy legislation
- Any circumstances involving damage to third party property

An injury is defined as :-

- Any head injury that requires medical treatment [Doctor or Hospital]
- Any fracture other than to fingers, thumbs or toes
- Any amputation, dislocation of the shoulder, hip, knee or spine
- Loss of sight [whether temporary or permanent]
- Any injury resulting from electric shock or burn leading to unconsciousness or requiring resuscitation or admittance to hospital for more than 24 hrs
- Any other injury leading to hypothermia heat induced illness or to unconsciousness which requires resuscitation or admittance to hospital for more than 24 hrs
- Loss of consciousness caused by asphyxia or by exposure to harmful substances or biological agent

5.3 Procedure

5.3.1 Incident

1. Deal with the incident, ensuring that you do not put yourself at risk. Appencic C contains a crib sheet to help
2. In the event of a fatal accident the Police and the club nominated person must be informed immediately, try to maintain the scene as much as possible,
3. Collect as many details of the incident as possible using the form in Appendix A, including details of any witnesses.
4. The incident and all the relevant information must be reported to the club nominated person as soon as possible, who will pass on to the HSE and Insurance Company as necessary.

5.3.2 Nominated Person or Deputy

1. Ensure Club Incident form is completed following the incident
2. Complete RIDOR form and submit to HSE
3. Complete BWSW paperwork and submit to Bluefin and BWSW
4. Raise issue at next Committee meeting or call emergency committee meeting to address accident and if anything can be done to prevent a repeat occurrence.
5. Review Risk Assessments in light of the incident and update as necessary
6. Liaise with necessary agencies to resolve any issues arising from the incident
7. All records to be held for a minimum period of 3 years by nominated person.

The Club Nominated Person is :-

Andy Dyne, Email Andy@boughtonlodge.co.uk, Mobile 07980 915705

Deputy :-

Jon Dyne, Email Secretary@boughtonlodge.co.uk, Mobile 07976 644553

Controlling Agency :-

Huntingdonshire District Council, Environmental Health Officer
Pathfinder House, St Marys Street, Huntingdon, PE29 3TN, 01480 388289

Insurance Company:-

Bluefin Sport, Castlemead, Lower Castle Street, Bristol, BS1 3AG
d: 0117 908 4060 m: 07884 738384
e: andy.lyons@bluefinsport.co.uk w: www.bluefinsport.co.uk

Affiliated Body:-

British Water Ski and Wakeboard
The Forum, Hanworth Lane, Chertsey, Surrey, KT16 9JX

5.3.3 Notification of Site Bonfires

Before bonfire is lit on site, the local authority needs to be informed to prevent unnecessary Fire Brigade visits.

Fire Service HQ
Hinchinbrook

01480 444500

Provide advise we are having a 'Managed Burn' at Boughton Lodge Water Sports Club, Paxton Pits, Little Paxton between the hours of <start> / <estimated finish>.

6 RISK ASSESSMENTS

The 5 Steps to Risk Assessment

Reproduced from the Health and Safety Executive Leaflet

This Leaflet aims to help Employers and self-employed people to assess risks in the workplace. It is aimed at firms in the Commercial, Service and Light industrial Sectors.

6.1 What is risk assessment?

A risk assessment is nothing more than a careful examination of what, in your work, could cause harm to people, so that you can weigh up whether you have taken enough precautions or should do more to prevent harm. The aim is to make sure that no one gets hurt or becomes ill. Accidents and ill health can ruin lives, and affect your business too if output is lost, machinery is damaged, insurance costs increase, or you have to go to court. You are legally required to assess the risks in your workplace.

The important things you need to decide are whether a hazard is significant, and whether you have it covered by satisfactory precautions so that the risk is small. You need to check this when you assess the risks. For instance, electricity can kill but the risk of it doing so in an office environment is remote, provided that 'live' components are insulated and metal casings properly earthed.

How to assess the risks in your workplace

6.2 Follow the five steps in this leaflet:

STEP 1: Look for the hazards

STEP 2: Decide who might be harmed and how

STEP 3: Evaluate the risks and decide whether the existing precautions are adequate or whether more should be done

STEP 4: Record your findings

STEP 5: Review your assessment and revise it if necessary

The Risk Assessments for BLWSC Ltd are contained in Appendix B

6.3 Quantifying Risk

In order to quantify the probability of the risk, the following methodology table has been used:

Probability/Likelihood	Description
Likely / Frequent	Occurs repeatedly – event only to be expected
Probable	Not surprised – will occur several times
Possible	Could occur sometimes
Remote	Unlikely though conceivable
Improbable	So unlikely that probability is zero

MISCELLANEOUS

The hazard	Who might be harmed	Possibility of risk	Measures to control risk	Review procedures
Drowning	The skier	Improbable	<ul style="list-style-type: none"> Boat driver and observer would be able to initiate rescue from the boat. 	<ul style="list-style-type: none"> Allow only drivers with SBDA to drive for skiers iaw rule 14.8. Ensure boat carries a competent observer iaw supplementary rule 2.6
Hypothermia	The skier	Improbable	<ul style="list-style-type: none"> Boat driver would recognise early signs of hypothermia and initiate rescue Warm dry environment is always available in the clubhouse. 	<ul style="list-style-type: none"> Allow only drivers with SBDA to drive for skiers iaw rule 14.8. Ensure facilities are available during training sessions.
Pedestrian hit by vehicle	Pedestrian	Remote	<ul style="list-style-type: none"> Ensure signs are in place on track and within compound reminding everybody of speed limit 	<ul style="list-style-type: none"> Remind members and guests of speed limits and reasons Maintain and replace damaged signs
Fire	Member	Remote	<ul style="list-style-type: none"> No smoking allowed in the club house 	<ul style="list-style-type: none"> Ensure signage is in place Ensure Fire extinguishers are present and serviced annually Ensure Smoke alarms are functioning and checked annually
Electric Shock	Member / Guest	Possible	<ul style="list-style-type: none"> Ensure all electrical supplies on Site are protected by RCB's 	<ul style="list-style-type: none"> All Electrical installations to be inspected and certified by an accredited body annually
Asphyxiation	Member / Guest	Improbable	<ul style="list-style-type: none"> Ensure all boilers are inspected and serviced 	<ul style="list-style-type: none"> All Gas boilers to be inspected and serviced by an accredited body annually
Members Boat Jetties	Member / Guest	Possible	<ul style="list-style-type: none"> Perform inspection of Jetties for state of repair 	<ul style="list-style-type: none"> Ensure annual inspection of jetties takes place and members make prompt repairs
Members Boat Lifts	Member	Remote	<ul style="list-style-type: none"> Ensure if lifts are 'Home made' that they are safe 	<ul style="list-style-type: none"> Ensure all lifts are load tested by a competent body and certificate supplied
Club Jetties	Member / Guest	Posib;e	<ul style="list-style-type: none"> Perform inspection of Jetties for state of repair 	<ul style="list-style-type: none"> Ensure annual inspection of jetties takes place and club make prompt repairs

9 ANNEX C – INCIDENT MANAGEMENT

1. Nominate 1 person to coordinate the incident
2. Ensure Emergency services are called immediately if required, giving details of accident and providing club postcode. (Use PE19 5YF which is post code for DAMS Watersports at Southlake)
3. Ensure members are sent to open gates ready for arrival of emergency service.
4. If a non-fatal accident, if deemed necessary the Incident controller has the full authority from the club committee to Close the lake until incident resolved
5. If a fatal or possible fatal accident the lake is to be closed immediately and the police and club committee nominated persons to be called immediately.
6. Ensure incident is resolved, administration of first aid, transport to hospital etc
7. Incident reporting forms to be completed by all parties and any witnesses at the time of the incident prior to people leaving site. It is the incident controllers responsibility to ensure these are gathered and passed to the club nominated person
8. Ensure well being of all parties involved in the incident still on site.

Members involved in any serious incident are to refrain from any water activity, driving/skiing pending committee investigation..

DOCUMENT CHANGE DETAILS

ISSUE	RELEVANT INFORMATION/INSTRUCTIONS
1	Initial Issue
2	Correction of name and address of Affiliated Body
3	Update of Applicable Documents and addition of yearly Inspection of Jump and Jetties
4	Correction of Safety Officer Duties and Update to appointed person
5	Addition of Ringos to Risk Assessment
6	Update to Insurance Company, Nominated person and Addition of Fire Notifications to local authority
7	Inclusion of Emergency first aid Kit and Annex C to aid in dealing with Incident
8	Inclusion of Main Lake and Slalom lake familiarisation prior to first use by new members or newly qualified drivers
